We would like to invite you to our Prestige Spring Sale on Saturday, 1 September 2012, 12:00 at our farm, La Rhone, in the picturesque Tulbagh Valley. Tulbagh is situated about 130 km from Cape Town International Airport, just off the R46.

This year's offer includes 20 bulls out of the well known Sauvignon, as well as DK0330, FN0210, Patocle and several others. The first Hitman sons will also be offered, as well as top young stud bulls and outstanding bulls for commercial use.

We also offer 25 females, including top of the range 3-in-1 cows and pregnant heifers from the best bloodlines. The complete catalogue will be available on our website from 1 July.

All animals on sale will be halter trained and show ready. They are all certified to be CA and TB free. The bulls are sheath washed for vibriosis and trichomonis and fertility tested. All animals will be inoculated against rift valley fever and females will be certified in calf.

Transport of animals to their new owners will be organised and subsidised. Free accommodation is provided for existing and potential clients on the night of 31 August and we will be hosting an informal dinner on the same evening. Please contact us in advance to confirm your needs for accommodation and transport from the airport. After a barbecue at La Rhone on Friday 31 August at 12:00 a guided tour to the female and youngster herds will take place at 15:00.

Come and celebrate the first day of spring in the valley of Waveren with us at the only Limousin sale in the country where the best we have, is offered for your consideration!
