Top young breeding and show cow. Beef capacity, femininity and breeding abilities meet in this Dodge daughter.

Sire - Dodge

Husky, maternal brother

Jessie & daughter

We would like to invite you to our Heart of the Herd Sale on Saturday, 30 August 2014 at 12:00 at our farm, La Rhone, in the picturesque Tulbagh Valley.

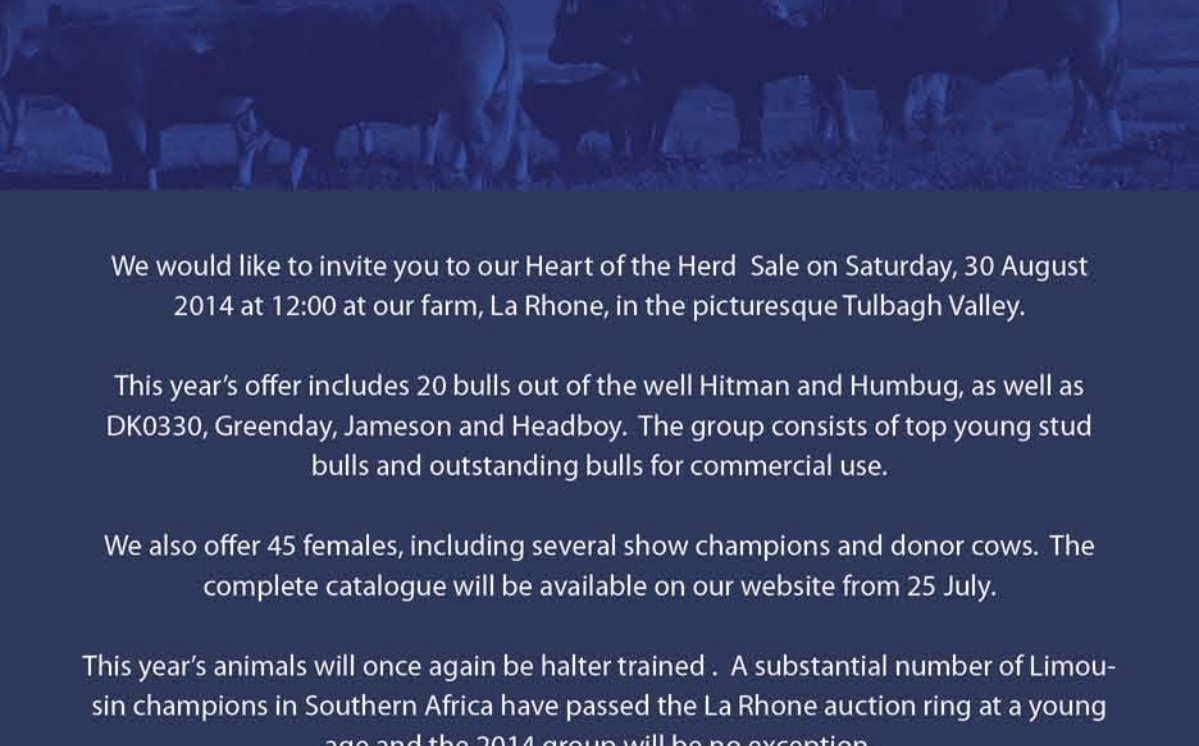

This year's offer includes 20 bulls out of the well Hitman and Humbug, as well as DK0330, Greenday, Jameson and Headboy. The group consists of top young stud bulls and outstanding bulls for commercial use.

We also offer 45 females, including several show champions and donor cows. The complete catalogue will be available on our website from 25 July.

This year's animals will once again be halter trained. A substantial number of Limousin champions in Southern Africa have passed the La Rhone auction ring at a young age and the 2014 group will be no exception.

Transport of animals to their new owners will be organized and subsidized. Free accommodation is provided for existing and potential clients. Come and experience this event with us where the best we have is offered for your consideration.

No one talks bull like us

Andre (082 787 9207), Trudene (082 566 4319), AJ (072 3773 792)
